- **Developer:** Diamonick Dunn
- **Category:** Utilities
- **Language:** English
- **Engine:** Unity
- **Size:** 41.1 MB
- **Price:** Free
- **Platform:** iOS
- **Build:** 1

Product Description:

TipTop - Tip Calculator is a free tip calculator app that allows you to calculate tips and split bills with friends and family at restaurants, bars, or parties.

Tip-Top Features:

- **Simple User Interface:** The simple UI provides everything you need to calculate your tips and bills in seconds.
- **Real-time Calculations:** Adjust the bill amount, tip, and split, and see the calculations performed instantly.
- **Onscreen Keyboard:** TipTop's keyboard is always on screen and ready to type. Easily enter the bill amount on a single screen.
- **Color Themes:** Select your favorite colors to personalize the look and feel.
- **Dark Mode:** Turn on Dark Mode to perform calculations in low-light environments.
- **Rounding Options:** Round up or down your tips and bills to the nearest dollar.
- **Ad-Free:** No ads attached! Also, no tips required!

Onscreen Keyboard:

TipTop's keyboard is always visible on a single screen and ready to type. Tap individual keys to set the bill amount.

The keyboard contains a total of 12 interactive keys. While entering your bill amount, you can do any of the following:

- **Enter numbers (0 - 9)**
- **Delete Digit:** Tap the **Backspace** key to delete the leftmost digit from your bill amount.
- **Clear Bill Amount:** Tap the **C** key to clear your bill amount (i.e. set your bill amount to **\$0.00**). This also sets your total bill amount, total tip amount, total bill per person, and tip per person to **\$0.00**.

Setting	Description
Tip Percentage (%)	[Default: 15%] [Range: 0% - 30%] The percentage (%) you intend to tip for the service.
Split	[Default: 1 Person] [Range: 1 - 20] The number of people you want to split the bill with.
Bill Amount	[Default: \$0.00] [Range: \$0.00 - \$9999.99] The base total amount of your bill.

Setting	Formula
Total Bill Amount	Bill Amount + Total Tip Amount
Total Tip Amount	Bill Amount × Tip Percentage (%)
Total Bill Per Person	Total Bill Amount / Split
Tip Per Person	Total Tip Amount / Split

Settings:

Tap the **Gear** icon to open Settings. Tap the **X** icon to exit Settings.

Color Themes

Users can select from a colorful list of 16 Color Themes to personalize the app's look and feel. When opening the app for the first time, the default Blue Color Theme is used.

#	Name	Gradient
1	Blue (Default)	
2	Lime	
3	Yellow	
4	Red	
5	Purple	
6	Sweet Morning	
7	Piglet	
8	Maldives	
9	Juice	
10	Morning Salad	
11	Lavender	
12	Chocolate	

13	Lizard	
14	Turquoise Flow	
15	Cookies 'n Cream	
16	Ibiza Sunset	

Dark Mode

The Dark Mode feature allows users to display the app in low-light environments. Similar to Color Themes, toggling this feature affects the color of all UI elements (e.g. text, buttons, sliders, etc.).

Round Tip

Users can round their tips to the nearest dollar. Rounding is factored into all calculations performed in the app.

- **Exact:** Rounding is not factored into the tip amount.
- **Round Up:** Rounds up the tip amount to the nearest whole dollar.
- **Round Down:** Rounds down the tip amount to the nearest whole dollar.

Round Total

Users can round their total bills to the nearest dollar. Rounding is factored into all calculations performed in the app.

- **Exact:** Rounding is not factored into the total bill amount.
- **Round Up:** Rounds up the total bill amount to the nearest whole dollar.
- **Round Down:** Rounds down the total bill amount to the nearest whole dollar.
